**PEAR TREE
HEL'S KITCHEN**
— *Catering*TM —

Thank you for considering Pear Tree – Hel's Kitchen Catering to be a part of your wedding celebration! We invite you to view our wedding offerings and a sampling of our menus. We know that no two celebrations are alike and we are committed to planning an event as unique as your story. Our team is dedicated to creating a meal that is a memorable piece of your special day.

Cheers to your love and happiness! You can reach us at info@peartreecatering.com or 847-459-1100 to start the planning!

Our Cuisine

Pear Tree - Hel's Kitchen Catering is built on a foundation of striving for perfection. From intimate tasting tables and plated dinners, to custom-prepared buffets and passed hors d'oeuvres, we have the knowledge and capability to not only fulfill your needs but surpass your expectations! Our highly trained chefs and dedicated event planners will work with you to plan a personalized menu to accommodate even the most particular palates.

There is a lot of thought and planning that goes into your reception menu. We will help you navigate the process and make the planning fun and stress-free! Whether your vision is traditional or wanting to incorporate the latest trends, our team will work with you until you have a menu that reflects you perfectly.

Your Event Planner will work to make your vision a reality and work with your budget. There are many factors to consider when planning and items that may not have been considered as part of your catering planning. In addition to your menu selections, your Event Planner will assist with bar options, linen selection, dishware, and ensure the appropriate amount of staffing to execute all aspects of your reception seamlessly.

Menus

While Pear Tree - Hel's Kitchen has an extensive menu, what we don't offer are the constraints of having to plan your menu within a package. Your experience may include a traditional meal while offering sentimental or unexpected flavors with your hors d'oeuvres selections. A signature drink offered with it's story or interactive food stations may be of your choosing. Regardless of the destination the planning journey takes you, you can be assured your guests will be receiving a dining experience to rival some of your favorite restaurants.

Our Event Planners will help get the process started if the menu seems overwhelming at first! Please refer to our main menu as a starting point for some of our offerings. (We just don't recommend doing that hungry!)

We know that budgets are an important factor in planning your reception. We will give you a general pricing proposal once we have an understanding of your vision.
